Weekend Coverage Breakdown

Saturday Team (7 Routes Every Week) These drivers work EVERY Saturday to hit the 7-route target.

- Antonio Jackson
- Cayton McDonald
- Elvis Guanipa Rangel
- Noel Rosales
- Joshua Boyd
- Karee
- Rob Alicea (Covering the 7th route)

Sunday Team (6 Routes - 3 Week Rotation)

Sunday operates on exactly 6 routes. 5 drivers anchor the shift permanently, while the 6th spot is rotated.
Permanent Sunday Anchors:

- Antonio Jackson
- Jamal Sealy
- Mark Francis
- Joshua Boyd
- Karee

3-Week Sunday Rotation (The 6th Spot):

- Week 1: Elvis works Sunday (Takes Friday off). Cayton & Noel are OFF.
- Week 2: Cayton works Sunday (Takes Wednesday off). Elvis & Noel are OFF.
- Week 3: Noel works Sunday (Takes Tuesday off). Elvis & Cayton are OFF.

Karee	OFF	Work	Work	Work	OFF	Work	Work
Rob (You)	OFF	OFF	OFF	OFF	OFF	Work	OFF

Driver-First Operational Scenarios

- 6-Day driver needs a weekend off
- Driver-First Solution: Allow a 5-day M-F driver to pick up an extra shift at an overtime bonus rate.
- Operational Impact: Costs a premium in payroll, but builds immense loyalty and prevents burnout.
- High volume spike on a route
- Driver-First Solution: Dispatch a “rescue” using a driver who finishes early, paying a per-stop bonus.
- Operational Impact: Prevents driver exhaustion; rewards efficient drivers with extra cash.
- Driver calls out sick on a weekend
- Driver-First Solution: Rob (Owner) covers the route, or route volume is split across remaining drivers with bonus pay.
- Operational Impact: Service levels maintained without forcing an off-duty driver to come in.
- Fatigue sets in for 3-Week Rotators
- Driver-First Solution: Introduce a “Flex Day” once a quarter where the rotator gets a full 2-day weekend off.
- Operational Impact: Short-term staffing crunch, but lowers turnover for hard workers.
- Truck breakdown mid-route
- Driver-First Solution: Maintain the spare truck at the terminal. Dispatch it immediately to the driver’s location.
- Operational Impact: Minimal delay for the driver; prevents them from working late into the evening.
